Swashbucklers Coffee is Roasting!

Offer our fresh roasted coffee to your family, friends and neighbours! Not only will they be supporting you and Stratford Fencing, they will be getting the freshest coffee possible.

Each one pound bag of custom labelled rainforest alliance certified (RFA) coffee is \$16. This is a comparable price in cafes and specialty stores. Remember that most grocery store coffee is sold in 12oz bags and is not the quality and freshness of ours!

Keurig coffee maker? MY K -CUP reusable filters can be found in any hardware store so everyone can enjoy our coffee!

And... be sure to ask if they want beans or ground but remind everyone that beans stay fresh much longer!

If you have any questions feel free to contact givecoffee@hotmail.com or visit their website for more information.
